Principals Report for May
1895

Sir,

The general health of the Pupils during the month has been most satisfactory

Since last writing our fourth patient Lila Day, 135 has quite recovered & left the Hospital on the 30th inst. I do not anticipate any further cases. Both she & her sister Ruby are now living in a cottage close

Dep. Supt. Genl of
Indian Affairs

close to the institution under the care of a reliable woman.

Miss Brown who has been in charge of the junior school for nearly two years has regret to say resigned & accepted a position as stenographer in the town. Her place is filled temporarily by a Miss Williamson from St. Joseph's Island.

Repeated requests have reached me that Joseph Anthony No 36 be sent home on account of his

his mother being sick. I have not complied with them because the lad is happy & contented here & making good progress & it would be a pity for him to go unless it is absolutely necessary However in event of his mother getting worse, I understand from Mr McKelvey she is in consumption, I could like to know if I have the Departments permission to send the lad home?

Farming operations have been vigorously pushed forward & I have reason to

to believe that with a favorable season this branch of Industry will produce more satisfactory results than in former years —

The Agent of the Department Wm Dun Abbott paid us the usual visit of Inspection on the 29 inst & Examined the Junior classes

I trust, that my report & estimated costs of

of repairs & improvements
so urgently needed at
the Shingwauk reached
Ottawa safely & that
same will meet the
Department's favorable
consideration,

I have the honor to be
Sir,

Dear Madam.

I am taking the liberty of writing to you on behalf of John Nyiro, knowing the great interest you take in him & the many acts of kindness he has received from you no doubt you are aware that he has been an inmate of these Homes since Sept/92 & was partially supported by the Church of Ascension Toronto up to June 1st/93 since that date, we have been unable to find supporters for him & he has been

been entirely unsupported &
you will I think easily
understand that it has been
no light responsibility & task
on the funds of this institution
to have educated & provided
for them up to the present
time. Owing to the fact that
we have over thirty Indian
boys in the Shinguauk today
entirely unsupported & the
present low state of funds
we are unable to continue to
keep them with us & I am
desirous of obtaining
employment of some kind
for them.

A young man never - I
think needs the keep of a

that his future career must
depend upon his own

employment for him

Principals Report for June.

895

Sir.

The health of the pupils during the month has been most satisfactory, steady progress has been made in the Schools & all outside trades

On the 3rd inst. Joseph Anthony No 36 was sent home temporarily on account of his Mother being dangerously ill & on the 26th inst was reo

2

boys Charles Johnson & Charles Isaacs from Lacepede Island were admitted.

The Grand Jury of the District visited the Homes during the month & inspected every Department most minutely. The Agent of the Department Mr. Dan Abbott also paid his usual visit of inspection on the 21st & examined all the classes.

On the 20th inst we had the great misfortune to

3

lose our Bull which died
after three days sickness
cause of death being
inflammation, a serious
loss to the farm & one not
easely repaced.
I should be much obliged
if the Department would

Dear Sir.

I have in receipt of your letter of the 15th ult. & in reply I beg to say that the accessary of pupils to go home for holidays every second year only is no new regulation but an enforcement of an old rule as the records of the institution prove

Pupils return fare paid in advance is also an old arrangement & I do refer you to Rev.d E. J. Wilsons letter to yourself dated July 87. in reference to

to this matter. I am aware that these cases have been broken through during the last two years, but they have not been addressed to the Parents council will have expected this to be carried out as a part of the general arrangement

With regard to informing Cadets, I notified you on the 3rd inst. three days before I was ready in a position to do so, by letter. The Com.tee met on the 6th inst. I did so because I felt confident that the Com.tee looking at the enforcement of this rule in the interest of

2

to this matter. I am aware that these rules have been broken through during the last two years, had they been adhered to the parents could not have expected this decision & disappointment & the feeling consequently avoided.

With regard to informing earlier, I notified you on the 3rd inst. three days before I was really in a position to do so city before the Com.tee met on the 6th inst. I did so because I felt confident that the Com.tee looking at the enforcement of this rule in the interest of

of both the pupils & the

Dear Sir.

I am in receipt of y^r
post card dated 25th inst.
There is a small valise
here containg one or two
articles of clothing & other
effects belonging to the late
Betsy Hampson which I
will forward to you the
first opportunity I have
of meeting any one going
to Sarnia. Although the
effects are of little value
I can quite understand
their being much valued

valued by Mrs Lampson &
if you would prefer their
being sent by freight please
advise me accordingly. All
the clothing &c worn by Betsy
Lampson during her illness
was of course destroyed
after her death

I am glad to hear the
boys reached home safely
but miss them much here
In permitting these boys
to go home I warned

Principals Report for July 1895.

Sir,

The general health of the pupils during the month has been most satisfactory.

The Midsummer holidays commenced on the 8th inst. School will reopen on the 19th August.

The following boys were permitted to go home during vacation to see their parents

Deputy Supt. Genl of Indian Affairs Ottawa

Isaac Sands 63, Rufus Sands 47
Dan Johnson 64 Alex Kinaggo 39
E. Kyokuen 48, Thomas Johnson 37
Wesley Jones 68 Arthur Noah 33
Eli Adams 29, Charles Jones 41
George Jackson 20 Robert White 34
Eli Means 37, Louis Martin 19
Simpson Brigham 32, Riley 59,
Ben Brigham 38,

I am desirous of the Department's sanction for the discharge of the five following pupils namely

James Fox No 4, age 23 years
Nicodemus Riley. 59. " 20 "
Ben Brigham " 38 " 19. "
Simpson Brigham. 32 " 21 years
Joseph Simpson. 1 " 25 "

3

During the past two years these young men have been permitted to attend school all day & more time & instruction devoted to them than was given to the other classes. I am anxious that there should be no 5th class next term, that the Senior Teacher may give more attention to the 3rd & 4th classes. Simpson Brigham passed the High School Entrance Examination last year & wrote on the Public School Leaving in June last. I have offered him to pupil

him in charge of the Junior
School after the holidays
subject to the Departmental
approval. He will be placed
on the Staff here as Junior
Teacher.
Joseph Hampson has been
a pupil of the Shipwright
for ten years, is now 25
years of age & I propose
to place him as Fireman
in our Boat & Tug Shop,
he being competent, steady
& reliable.
James Fox (Boy) also
passed the Entrance Exam-
ination last June & expects

5

to obtain an appointment as School teacher
Ben Brigham & Riley are also able to earn a decent living for themselves & I have no doubt will obtain positions.
I can therefore be glad if the Department will advise me at once if these lads may be struck off the roll & their places filled by younger pupils?
The institution reached its majority during the month, twenty one years ago last Tuesday

His Excellency Lord Dufferin
Gov. Gen. of Canada laid
the foundation stone of
the Langevin Block
& the following Gentlemen were
admitted. Since that date
the buildings have been
in constant use & are
now solely in need of
renovating & repairs &
I would again most
respectfully solicit
the Department to
order to place the matter

in a proper state of repair
& trust that my Letter &
Report in reference to this
important matter dated
14 May last will meet
with the Departments'
favourable consideration.

I have the honour to be

Sarnia, Ont.

My dear Sir,

I cannot express to you my disappointment upon meeting the Empire yesterday to find that only one boy viz Robert Wolfe accompanied by Sampson Brigham & Wm Naudee had returned out of the number whose return you guaranteed here on the 19th inst.

I much regret now ever asking the Committee to rescind the regulation, & having permitted the boys to go home, but I did so in response to your appeal

& will

with implicit faith in the words you telegraphed, "Will guarantee this return on the 16th inst."

It was most important that all the boys should have been here on the opening of the Schl. for the formation of Classes that the work for the term be mapped out & carried out on the lines laid down thus avoiding the interruptions now likely to ensue from so many coming in later on. My only recourse is now to solicit the Departments assistance to have these boys sent back & speedily, but before doing so I craved proper explanation from Esqrs & I trust that you will

— write

My dear Madam.
Beg to acknowledge with many thanks the sum of $25.00 towards the support of Nellie Watson abused on us in our Great Mr. Knapp's Statement of to day. Owing to an outbreak of erysipelas amongst the girls last fall which was found to be spread through them all the girls were sent home temporarily pending the provision of increased & more suitable accommodation. Vigorous efforts are now being made to obtain the necessary funds for the erection of a "New Mansion" on the Shaughnessy property capable of accommodating not less than fifty girls & as soon as our plans can be carried out we shall hope to have the girls back again. Meanwhile I am desirous of ascertaining

1895.

Sir.

The health of the pupils during the month has been very good, but I regret to say one of our little boys Henry Peters Mo. Ut. met with an accident on the 28th ult. while playing foot ball broke a small bone in his right foot Dr Reid is attending him but I fear he will be laid up for some time.

School re-opened on the 19th inst with Mr Eby, to duties in charge Mr Pegues having previously resigned the position. Mr Eby comes to us highly recommended as Patient & kind to the pupils & appears to thoroughly understand his work. I regret that Mr Read

Supt Gen'l of Indian Affairs

Alfred Murdock No 21. the pupil who ran away on the 8th inst has not yet been sent back. Two other pupils who have recently returned from their holidays report having seen & spoken to him on the Island (Walpole) I believe the lad has since returned to his reserve Heathroy

I shall be most grateful to the Department if they would kindly advise their Agents to send back to the Shingwauk the following pupils who were permitted to go home for the reason given below.

June 3. Joseph Anthony No 36 Walpole Telegraphed for Mother dying. (Mother now dead)

July 4. Mr Williams No 35 Walpole Telegraphed for Father dying

July 11. Louis Martin No 19 Caughnawaga. Telegraphed for on Father's death (& not

he would guarantee their return
to the institution on the 19th inst.
the date of their expulsion.

I am sorry to say that
Mr Jacobs has not kept his word
nor has he thought it necessary
to give me any satisfactory
reason as to why the pupils
have not returned.

Enclosed are two of the letters
I sent you in reference to this
matter. I shall be glad if you
will read them.

The work of repairs to the

My dear Madam,
I beg to acknowledge with many thanks Yr kind little data 16th inst & much regret that no report of our work has reached you of late owing to change of management the publication of our Annual Report has been much delayed in fact we have only just received same from the printers, I am sending you a copy to day.

(2)

Mr King & myself took charge on the 1st of Jan? last, the Homes were in a very delabi- dated condition & we had innumerable difficulties & obstacles to face.
The first important & most necessary thing to be done was to get the Buildings in a proper state of repair, they had been in constant use for upwards of twenty years & sadly needed renovating I am happy to state that

to say prospects are already brightening a little. One of our greatest difficulties has been in obtaining sufficient clothing for our Indian children. I cannot tell you what a struggle this has been & how grateful I am to you for yr kind offer of assistance.

We are much in need of boys clothing of all description, especially underclothing, shirts, drawers, vists, socks stockings &c & quilts or anything suitable for bedding.

We have over sixty boys

that my interview with the Indian Department in May last has resulted in a Grant of $ 2500. for this purpose & the Schools are now undergoing thorough repairs.

The withdrawal of aid & support from our Schools in the North West which are newer, better outfitted, & which receive from the Dominion Government nearly twice as much grant per capita as our Institution has been sadly felt at Shingwauk & it will take time to regain friends & supporters this lost, Still I am

thankful

to keep on the roll at present, their ages varying from 4 to 19 years. This number is likely to be increased during the month to 90 boys.

I send you by this mail copy of our Annual Report, again thanking you heartily for your continued support of this institution.

I am, Dear Madam
Yours faithfully

My dear Madam.

I beg to acknowledge y" letter dated 18th inst. & am sorry to hear of the decision of y" Branch I had hoped that perhaps they would have permitted their support to be transferred to a boy or applied towards our Maintenance account until we were again in a position to take back the girls. It would have helped us much. My fondest hope & ambition is to see a "New Wawanosh" created on the Shenyouard property capable of accommodating fifty

fifty girls properly equipped & with all modern conveniences so essential to the thorough training of our girls. It is not a easy matter to raise the sum of $5000 which a building of this description will cost Unfortunately the Government are not in a position to assist us with a grant. I am none the less confident that with determination & perseverance we shall eventually see our plans carried out & again claim the support of yr. L.A. as we have previously in the past.

I can only confirm what I have already said that no act of cruelty or undue severity have to my knowledge ever been perpetrated on any of the pupils since I have been in charge, nor has any boy ever complained to me of ill treatment or neglect.
Alfred Hendrick was taken to the office & worshipped on the 4th of August & on the 7th of August for repeated

& gross disobedience, it was a case of the boy doing as he liked or being made to obey & on one occasion Mr Darley slapped Alfred on the side of the head. The true reason of Headrick's running away was no doubt my refusing him permission to go home which permission was not in my power to grant.

With the exception of one or two colds so prevalent at this time of the year, the health of the pupils during the month has been very good. made in the Classes & all Out side tracks. Our Carpenters & Labourers have been busily occupied in pushing forward the Repairs & have worked hard & when the fact is taken into consideration that out of the sixty three pupils on our roll, twenty three are under & only twelve years of age, the amount of work done is satisfactory, but there is a great deal of repairing which it is most desirable should be finished before the very cold weather sets in & if the Department would permit I should like much to engage an extra Carpenter for

In reply to yours of 30th Oct I am glad to tell you that little Son Charles is at present quite well, also that he is a very good boy & gives little or no trouble. He is making rapid progress at School & has good prospects of carrying away prizes at Christmas & the Christmas holidays have begun & all the boys are enjoying themselves very much. There is just enough ice on the St Marys river to afford skating for them. The Christmas tree is to be held on the 27th inst & the distribution of prizes on the 31st Dec'. Wishing you

Dear Mrs Simson.

The bale from Cayuga reached us safely on Christmas eve, & we were so pleased with it, & I am writing this morning to beg that you will kindly convey to the Junior members our warmest thanks & appreciation of this kind gift. The Quilts is beautifully made & we think it very pretty, it has been given to a little boy two years of age a Delaware from Moraviantown, who after much suffering caused by a diseased ankle joint, has recently been

been obliged to have his foot
amputated & needs all the care

Principals Report for December 1895.

Sir,

The general health of the pupils has been very satisfactory, good progress has been made in the classes & outside trades, I regret to have to inform you that David Sussenah & Joseph Jas. Shobegyhill. have not as yet been sent back to the Shingwauk. Chief Sussenah was informed upon receipt of the Departments' Letter No 15267-8 15th Nov: that he could by Depty Supt Genl of Indian Affairs Ottawa — applying.

2

applying to the C.P.R. Agent at Massey obtain tickets for the three boys from Massey to the Soo — The Chief himself is in favour of the boys' return, but says that all others on the Reserve do object — A letter from the Department to the Chief requesting him to send them back, would carry weight & doubtless have the desired effect. It would be most gratifying if the Dept. would write Chief Sissenah. Our Carpenter & his boys have been very busily occupied during the month in pushing forward the repairs & improvements to the Shingwauk, on the 18th inst. with

with the Departments permission an extra Carpenter, Matthew Raynor has engaged for one months, he is a first Class Carpenter & a good worker & since he has been with us the work has progressed rapidly. On the 24th inst the Contractors for the Leading Messrs D. & A. Plummer & Co signed the agreement sent to me by the Dep^t & the men are now at work, setting up the plant, the time specified for the completion of the work is the 30th January 96.

On the Farm the principle work has been teaming of wood, lumber, general chore work care of stock & hauling sand.

14

Saw, Lock & other Materials for the contractors W. A. Plummer & Co. I should be much obliged if you would kindly let me know if any arrangement exists between the Department & the Railway Companies or the Department & the Woman's Auxiliary of Canada for the free transportation of clothing sent to Industrial Schools for the the use of Indian children, as we rely so largely on the latter for clothing for our Schools. I am desirous that those Branches working for us should obtain this advantage if it exists & save cost of freight. — I enclose

I enclose card rec'd from the Sec'y of the Bancroft B. A. in reference to this matter.
On the 20th inst School closed for two weeks vacation, the boys have thoroughly enjoyed their holidays made pertinacity bright & enjoyable for them by the generosity & thoughtfulness of many kind friends —
I cannot close my report without again thanking you for your kind gift of 6 pairs of skates & this School, they were strongly contested for by the pupils & awarded as good conduct prizes to the following

the following boys, Charley Johnson 79. Solomon Masak 28, Hyman Snuill 30, Tad Fox 55, John Angus 75, Tommy Williams 7, at the distribution of prizes on the 31st inst, the exceptions being much resented by all the other boys.

Sir,

I beg to acknowledge with many thanks Cheque No 1958 for $400. advance on a/c of Grant for repairs, also Cheque No A. 286 for $896 00 - Maintenance Grant for quarter ended 31st Decr. Inst. also receipt of your letter No 52067/5 dated 20th inst. relative to the expansion tanks. The two Boilers which have been placed in the Shingwauk are not connected, one having been placed in the room formerly used as a Sewing room in the west end of the building, the other in the coal cellar at the east end. On account of the peculiar construction & arrangement of the building this

My dear Sir,
Referring to your letter to me of the 22nd May last, informing me that for reasons stated therein & the discharge of other payments the Trinity Sunday School were obliged to withdraw their support, you were also kind enough to express the hope that it withdrawal might not be for long. Our success in securing support urges me to write to you this morning to ascertain if circumstances will now permit you to again contribute towards the support of a boy in our Home.
We have at the present time 60 Boys in the Shingwauk Nearly half of whom are entirely unsupported.

I should be most grateful to
y Governors if they will once
more accept a boy as Their
special charge or contribute
publicly towards his maintenance
We can ill afford to lose
so staunch & reliable a friend as
the Trinity H. Sch. & would
carefully entreat y kind influence

Sir,

I beg to acknowledge with much gratitude the sum of £319. advanced on account of our Grant for Exhibition Purposes, & am also in receipt of the Annual Report which I am much obliged, they arrived safely to day.

You will doubtless have heard that Bishop Sullivan & the Indian Department recommended Counsel some months ago to incur the expense of placing a hot water heating apparatus in the Monument. I am happy to tell you the contract was let on the 21st of December & the work of putting in the plant has been rapidly pushed forward & will be completed by the end of this month.

Quarterly Report for January
1896.

Sir,

The health of the station during the month has been very good with the exception of Corporal Andrew Logan who was sent to the Hospital on the 21st inst. suffering from Lobo-pneumonia, however I am happy to say the case is not a very serious one and at this date (4th Feby.) the boy is again in the Orphanage. and although he will soon be quite himself again — On the 25th the Agent of the Department Mr. Dan Abbott paid his quarterly visit of inspection to the Home & held a special enquiry into the work of repairs & improvements

On the 29th Mr. Mc. Craig Public School Inspector also visited the Shenguenah. Mr. Mc. Craig examined all the classes & expressed himself as much pleased with the progress made in Class work since his last visit. Cleanliness & good order of the pupils.

Although the work of placing the hot water heating apparatus in the Shenguenah was not completed in the time specified in the agreement namely 30th of January, it is only fair for me to state that the Contractor have shown no lack of energy in pushing forward the work as rapidly as it was possible— Are the men working over time from the start, & the work so far as I am able to judge has been done in a thorough & satisfactory manner—

to be able to catalogue & mount the remaining paintings & the finishing work will probably take another week or ten days when I will further report more fully.

I am obliged to the Dept for writing Chief Visiting requesting me to send David Sisseman & Joseph Shebequeh back to the Reservation, but regret to have to report that up to the present time the boys have not returned to the institution.

---

1. On what principle the Government grants are made to the Indian Schools?

All Indian Industrials & Schools in Manitoba receive aid at per capita grant of $60 per. annum. for number of pupils authorized. Provided rules & regulations as laid down for the Department are complied with, but in Manitoba & the N.W. Territories the per capita grant is limited to fifty pupils & the annual grant only from $105 to $110 per. annum. In British Columbia $150 per. annum. Have never been able to ascertain on what principle these grants are made. Same

cost of Schools in Manitoba & Keewatin, the two Chief articles of Expenditure Hosp & Gaol Chapter in Manitoba. Gift Grant & Manitoba. & also money Grants

2. & how far the Gov: is willing to support existing or in part these Schools?

"Principle & Maximum Grant of the actual of $60 per capita for limited number of pupils &c. &c. & occasional special grant for repairs to the Building (not expenses)

3. What the Gov: Grants are affected by Contributions of the Roads & the Municipalities

Gov: Grants are not affected by Contributions to Roads & Municipalities

to how far the Government ought to extend over all Schools assisted by it?

Thoughts & Mr. Holmes.
The Department requires that every facility be afforded to authorized officers for the inspection of the Schools buildings pupils, diet, clothing &c.
The Dept is represented on the Board Com.
The Agent of the Department made a general inspection of all the pupils buildings Classes & trades once every month
The Public & the Inspectors authorized by the Department inspects the School twice a year the Indian Department has also visits the School annually.
The consent of the Department must be obtained for the discharge of a pupil. No corporal

under exceptional circumstances, full particulars of which must be communicated to the Department.

11. Monthly Return of Admissions & Discharges is required by the Dept.

11. Monthly Report from the Principal must also be forwarded to the Dept. & a monthly Return of Trade instruction is called for.

Return of Stock, Stores on hand & Tendering in use at the close of the financial year, required annually.

Return showing Status of Discharged pupils must be sent with the Principals' Annual Report to Dept.

Dear Sir.

One of our pupils John Caldwell you may perhaps remember sending home to the Encampment. Last September has been very poorly for some time & was ill a very considerable part of winter & very unable to go on account of becoming to explain to him especially when home to his parents.

In one of these letters he told his father that getting to get a pony it was his intention to leave us from the

never insured in Dr. Holmes time — is a Complete isolated building & locked up at 6. P.M. every night.
The Steam Fire Engine takes a Canteen into the State
The Factory, is one story. Steam building, Pallisaded & shingle roof would perhaps in its present condition $300.
but Contents namely a second hand steam engine, steam pump, planing mills & shaw, tools &c. &c. are worth all told at least $2000.
Unless considerable money was spent in constructing a stone or brick boiler house for the steam engine, &c.

Principals Report for April.
1896.

Sir,

The general health of the pupils during the month has been very satisfactory, there broke up early after the 10th on the 18th. Navigation on the St. Maurice was again open by the 20th inst., the prevailing fine weather since, permitting the boys

to expend their leisure time chiefly out of doors, for the base ball games being greatly encouraged in Clark to expend on the 3rd after two days holiday at Easter & the fine standard of Class work has been kept up.

The Carpenter & Carpenter boys have been fully occupied with the repairs & alterations in the main building, details account of each days work is given in the

accompanying

3

– Trade returns, the boys have worked faithfully & well & take a great interest & pride in their work.

The Farm & his boys have been fully employed in cleaning up the yards, carting away stone & ice from the back of the institution, ploughing & hauling manure on the land.

In the Tailor department the principle work accomplished was the cutting out & [illegible]

- this work was done in addition to the repairing & patching of other grounds

On the 28th the Department Agent Dr. Lan Abbott called & inspected the Farms

The four Chemical fire engines hulbs &c the gift of the Department & the Shingwauk. (advised me in your letter of 11th April.) has not up to the present time reached me

I enclose the much obliged

If the Department would kindly send me about twenty five Admission forms form No 61. Monthly & Certificate forms No 39 also some quarterly & Closure certificate forms.

Dear Mrs. Adam

I beg to acknowledge with many thanks receipt of your most kind letter of 2nd inst. Mr. King & myself took charge a year ago last January we found everything at the Farm wants, in a most neglected & decapidated condition, fences & outbuildings in a like state & it did not require a very clever, to see at a glance that

3

– economy had been removed from that building to the thing wanted a year previous the result of the experiments we were all aware did not prove a success, there was neither suitable nor adequate accommodation for them there temporarily stored until arrangements were made for the sick (with the exception of two cases of small pox which were sent to the Fever Hospital) were sent to this house a few weeks before our arrival pending the erection of a new Infirmary at this place

3

can imagine how discouraged we were at first, being so entirely unprepared for such a state of affairs & coming as we did fresh from the modern & well equipped stores of the North West to demand such a hopeless undertaking to get the town in a proper footing again & yet I cannot but believe that an old institution like ours would really be permitted to lack the necessary means for the continuance of its work. — There were then sixty boys in the building & taken

4

— & taken altogether a healthy & promising set of cadets & if they were to be kept here & the work of educating & training them proceeded with it was absolutely necessary that the staff should be put on a proper state of efficiency. They were imperatively needed. It was estimated that a sum of at least £2500 would be required for this purpose, & here the money was to come from was then a problem & there seemed little chance of obtaining it from the Government, but the Department ultimately came to

to our assistance they generously
gave us a grant of $2000
for the repairs & improvements
& increased the expense of
placing a hot water heating
apparatus in the Church.
& the work of repairs & alterations
have been steadily going on
during the whole of the week
& the Church is looking very
much improved & in good

My dear Sir
I beg to acknowledge receipt of yr. kind letter of 28th ultimo. Yr Church warden — Mr. Hamilton — quite correct, the mistake is on our part. The Cost $50. from Sunday Sept 20 which we received through Mrs. Kemp in March across the account of yr subscription in full to the 1st April 96. But on our copies of asking for subscriptions quarterly in advance there was

on

5

— on that date on this arrangement
$12.50 due. We are as a rule
very careful in sending out
our Statements & Receipts
accordingly such an error
should have been made
— So, there was never any
written agreement on the part
of any former Rector or the
late C. Judge Esq that dues
were of — We have just
simply depended upon
subscriptions which has always
been reliable, since as
Sunday School in Canada
was new so loyal to the

do sincerely trust we may
count on a continuance of
this support & that Mr Laurier

that they are to lecture in time for the reopening of school Aug.st 20th.

Miss Rutherford & Henry Pelton left for Bruce Mines on the 20th & will return to the institution on the 8th Aug.st Mr Sanders & Mr Cole Teacher left on the 9th for their respective stations & also return on the 8th Augs.t

The four pianos are now being sent by the Expositor for the Shingwauk & have been placed throughout the institution in order

- wooden brackets from which they can be easily detached for use in case of fire.

I am glad to say a great improvement has lately been effected in our bake house. The interior has been lined & ceiled with matched boarding, a new hard wood floor laid, the building painted inside & outside & whitewashed & a new portable oven has been purchased which will already pay for itself in saving of fuel.

Re Dan Johnston.

This boy was home last year & therefore not entitled to go this. Dan quite understands this himself, moreover has expressed a wish to remain in the Sanguinet another year & is quite contented here. I do hope that no letter asking him to come home will reach & unsettle him as it would be likely to upset & make the boy unhappy.

The Boy Question has been

been placed to David credit
on the books of the association.

Dear Sir,
I beg to acknowledge with many thanks receipt of the Chaplains for Mrs King & myself for the month of March. The Col. Com. Church Society Annual grant of £110 has been increased from the Bishop's Fund increase £35 from the S.P.G. Fund? — Do you not therefore require a quarter except of the full amount of the grant up £145 for the Cr. C. Church instead of the £8.15 only?

Dear Sir,

I am writing once more to request that you will without further delay remit to me the $100. I advanced you on account of the Department on Sept. last for travelling expenses, upon your expressing to me that Mr. Reed intended give you a Cheque upon your return to Ottawa. & that you intended then to pay me. Failing to receive a satisfactory reply by the 1st of April I have decided to place the circumstances of the case before the Department.

Yours truly,

Dear Mrs Banks.

On Tuesday last I was favoured with your kind letter dated 17th inst. but was prevented from writing you by the pressure of work consequent upon the Christmas holidays, & also by the fact that I was waiting to hear from Mrs Fisher as to the day on which she would be able to receive the children. I am glad indeed to hear that the Coborne Girls are going to work for us after Christmas. I need hardly say how much we accept all this kind offer, & I am writing Mrs Fisher to-day & to tell her how much we appreciate her kindness, & I shall certainly act on your suggestions —

to make both ends meet. In fact we are not doing it. Still we have much to be thankful for and I trust in time God willing to see the Homes on a more substantial footing.

Wm. Lon. Dan Abbott in writing to the Depty Supt-Genl of Indian Affairs at Ottawa says, Before closing my report I must say a few words regarding the Shingwauk Home for Boys in the town of Sault Ste Marie now under the management of Principal Geo. Key. King Esq, I visit this Institution every month & find that during this gentleman's management very great improvements have been made. The inside of the Institution has been entirely remodelled & number of cupboards & partitions have been taken down thereby giving a great deal more room and

more vaccination. The water supply is very good brought up from the River by pipes to a large tank in the building which affords great protection against fire & supplies the Institution throughout with water for the use of the boys.

The Dormitories are kept clean & neat, new bedsteads are certainly required & I believe that a grant has been made for this purpose, the present wooden bedsteads have been in use for over twenty years — everything is conducted in a very satisfactory

Dear Miss Edmonds.

I am not at all satisfied with the work done at the laundry this week & must ask you to have the shirts I am sending back remarked next week.— There also appears to have been much carelessness in the ironing several garments being singed & burnt.

I can rely confidently on your close watching & supervision.

My Lord.

You can imagine how pleased I was to receive your card dated 18th ult. from Quebec, but I am anxious to know what the prospects are of the Government endowing a Girls' Home here? With regard to the Heating. Recd official instructions from Ottawa in due course & have invited tenders from Toronto & elsewhere as well as locally - they showed all & in during this week.

Also recd a letter from the Department

Department stating that it was
[illegible] that when possible all
supplies purchased for the
Army should be bought in the cheapest
market & that the Department
were perfectly in accord
with you on this point &
desired me to make the
necessary arrangements to this
effect & as a step towards the
carrying out of these instructions

Mr Hayter Reed was here last Sunday (& should have arrd on Thursday but was detained) & went thro the Institution Chapel Dress Hall &c. &c.
Everything was as clean & orderly as it was possible to have it & the boys as presentable (everything taken into consideration) as we could make them
Mr Reed addressed the boys in the School room speaking kindly & encouragingly to them & made the School a present of six pairs of skates to be competed for & distributed as prizes at the forthcoming examinations & when leaving took one he was pleased with

counting on ~~the~~ Grants

Counting on the probable sum of $3,000 to be derived from a Government grant & the sale of Practicals of the Old Denmark Building with the land attached, this will leave £2,000 to be provided for by our friends & supporters. I can only rely upon their generosity for donations & subscriptions to make up this sum & in our helpless necessity appeal for those charities brought up under the care of our Sisters as they have been to the very point to ~~be~~ when a few years further training would be of the greatest benefit to them & to crown the training & education they have already received will be practically lost if they are unable to secure their return, that the required aid will be forthcoming before it is too late to reclaim them.
